### **Treasurer's Report:**

Renate gave the Treasurer's Report. A motion was made to approve the report. The motion was seconded, and it carried.

From the show there were three non-sufficient funds checks. Two have been taken care of. The third one has been sent to AHA. AHA has sent them a letter.

A request for financial statements from the show was requested. A financial statement show profit and loss details will be available at the next meeting in February.

Invoices for the show ribbons and club insurance were received. A motion to pay the invoices was made. The motion seconded and it carried.

### **Convention Report:**

Phyllis provided an update from the AHA Convention that was held in Orlando, FL. This was the smallest turnout for Convention.

The realignment of the regions was discussed. The reason the realignment of the regions is being discussed is because the AHA By-Laws requires that alignment of the regions be reviewed every five years. This is in effort to help balance the number of members in the regions thus affecting the number of delegates each region has. This will be voted on at the next Director's Meeting in February.

The AHA One Day Show was also discussed at Convention. There was some confusion about what was entailed in the One Day Show. After the concept was explained it received huge response and support.
